Auditor Frederiksen discussed the upcoming budget amendment. She ran the month end reports and noted that Department 99 is over. Frederiksen stressed the importance of reviewing the month end reports to avoid this happening and to avoid having another emergency budget amendment before the end of the fiscal year. Linde has been helping at both precincts today to help troubleshoot any issues.

The Public Hearing for Budget Amendment #2 was opened at 10:01 am. Jay Vestal from Atlantic called in to discuss concerns from himself and many other campers. The camping fees that are advertised on the County website need to be updated to reflect the current rates being charged. Supervisors said the Conservation Board will be the ones who need to address those concerns. Grabill will send the Conservation Board's contact information to Vestal.

Engineer Rydl gave Secondary Roads Construction and Maintenance updates. Motion- Mosinski Second- Hansen to approve the Utility Permit for MidAmerican Energy Section 4 (170<sup>th</sup> St), T80N, R35W (Leroy Township). Vote-all in favor. LE-8 Project is still on schedule to start mid-June. The Mockingbird Paving project is still in process. There were a few weak spots found, so they will be working on those next week, then continue paving. Shoulder work has been done on F58. Rydl discussed the open positions at Secondary Roads. The Road Superintendent position will be advertised internally, and if there is no interest, they will post to the Public. There are currently a couple of employees that are helping fill in as interns for the Road Superintendent and Rydl inquired about giving them a temporary pay increase to help with this position. The Ross property complaint was discussed with Rydl. The individual making the complaint will need to fill out a report to the weed commissioner for the Sour Dock issue on the property. Rydl will contact the individual to let them know. Paul Nielsen presented amounts he has been calculating for the cost of hiring a new employee and purchasing a truck to haul rock internally instead of hiring it out.

Attorney Swensen discussed the ACED agreement. He needs to meet with Slater at ACED to see what system will work best whether it be cancelled checks, check number/date etc. Swensen reached out to the State Auditor’s Office for guidance on what they would look for during the audits. Court visitor claims coded to Department 99 were discussed with Swensen as they accumulated to push that Department over budget. Swensen elaborated on this certain incident were the Iowa Code states that they County must pay for these. Swensen will look through his budget to see if there is any flexibility in the Attorney budget to recode these claims to help avoid an emergency amendment. Grabill said he did not want to approve any FY26 allocations until information is provided as the County has been advised by the State Auditors and HR Attorney to not provide any additional funds until it is received. The FY25 State Auditor Findings were discussed. Meeting adjourned at 12:29 pm.
